EDUCATION

Indian Institute of Technology Kanpur, India

Oct 2022 - Jul 2026

Bachelor of Technology - Mechanical

EXPERIENCE

Market Research Analyst

May 2025 - Jul 2025

Finlatics

- Segmented **health & wellness (FMCG)** and **tech markets** to help a company aimed at **urban** and **digital consumers**.
- Conducted rigorous market tests using **engagement, redemption, and NPS** to validate product **fit** and **guide rollout**.
- Evaluated **competitive landscape, quantified TAM/SAM metrics**, and recommended data-driven **go-to-market strategies** for digital platforms and nutraceutical products.
- Delivered consumer insights and growth recommendations supporting **KPIs, moats** and **investor pitches** for B2C products.

PROJECTS

BlockBloom

Dec 2024 - Jan 2025

Google Developer Group, IIT Kanpur

- Gained knowledge of **blockchain**, distributed ledgers, decentralization, consensus mechanisms, and Bitcoin's operation.
- Dived into the **Ethereum ecosystem**, its innovations like **smart contracts**, and its transition to **proof-of-stake**.
- Developed **tokens**, created unique **NFTs**, and mastered **Solidity programming** to efficiently deploy smart contracts.
- Combined the knowledge to design, develop, and deploy a **functional DApp** integrating **blockchain technology**.

You Only Look Once

March 2023 - July 2023

Stamatics, Department of Mathematic, IIT Kanpur

- Explored **Convolutional Neural Networks (CNNs)** in deep learning, with a deep dive into the linear algebra behind them.
- Covered the fundamentals of **CNNs**, delving into their real-world applications to demonstrate their practical significance.
- Built a strong foundation, towards an in-depth exploration of the **YOLO algorithm**, analyzing its inner workings.
- Developed and integrated **YOLO** for **real-time digit detection**, enhancing practical understanding of deep learning models.

Optimization of Motion of Robotic Pairs using MATLAB

Jan 2024 - April 2024

Association of Mechanical Engineers, IIT Kanpur

- The project defines a performance metric (energy, time, accuracy) to **optimize for in robot motion** using MATLAB.
- Constraint setting ensures the robot's movement stays within joint limits, **avoids obstacles**, and **respects acceleration**.
- MATLAB finds the most efficient joint motions through **optimization, analyzing and visualizing** the improved path.
- Developed **trajectory planning algorithms** and compared results to assess **trade-offs in speed, energy, and accuracy**.

Design-Led Market Expansion Strategy for Buknu Masala, ODOP, Kanpur Dehat

Jan 2026 - April 2026

DES627 - Management of Design & Innovation, IIT Kanpur

- Analyzed **Buknu Masala's value chain**, identifying gaps in **branding, packaging, standardization, and market access**.
- Designed a **growth strategy** featuring **brand identity, retail-ready packaging, and product standardization**.
- Developed a **dual-channel expansion model** targeting **retail consumers** and **B2B food manufacturers**.
- Applied design thinking to align **SHG-led production** with **ODOP goals** and **scalable market** opportunities.

TECHNICAL SKILLS

Programming Languages: C, C++, MATLAB, Python, LaTeX, Solidity

Software and Libraries: Google Colab, Visual Studio Code, Matplotlib, Canva, NumPy, Pandas, Remix, Git

RELEVANT COURSEWORK

Computer Science: Data Structures & Algorithms, Databases, Fundamentals of Computing

Mathematics: Linear Algebra & Single Variable Calculus, Ordinary Differential Equation, Partial Differential Equation

POSITIONS OF RESPONSIBILITY

Senior Executive, Show Management

Jan 2024 - April 2024

Techkriti'24, IIT Kanpur

- Led a team of **50 junior executives** and **100 volunteers** to execute large-scale events during **Techkriti'24**, IIT Kanpur.
- Managed end-to-end **show operations**, coordinating speaker sessions, logistics, scheduling, and attendee experience.
- Managed hospitality, accommodation and transportation workflows, ensuring smooth execution for guests and speakers.

EXTRACURRICULARS

Inter IIT Sports Meet'23

Participated in Shotput and Discus throw held at IIT Gandhinagar.

2023

Udghosh'23

Managed 1,000+ attendees and drove multi-event execution, coordinating 20+ college.

2023

AME, IITK

Mentored a 10-member team in MATLAB-based trajectory optimization.

2024

NTSE

Accomplished the final level of NTSE conducted by NCERT among 1 million students.

2019
